MEMORANDUM

To: AMC

From: J. Howard Prince, Director of Information Systems
Shawn Wegner, Database Administrator

Re: Regional/National Maps

We are very excited to be able to provide you with these maps; the maps are also available in Adobe Acrobat PDF format. Please disregard previous versions as this set should be current with changes to numbering and coloring.

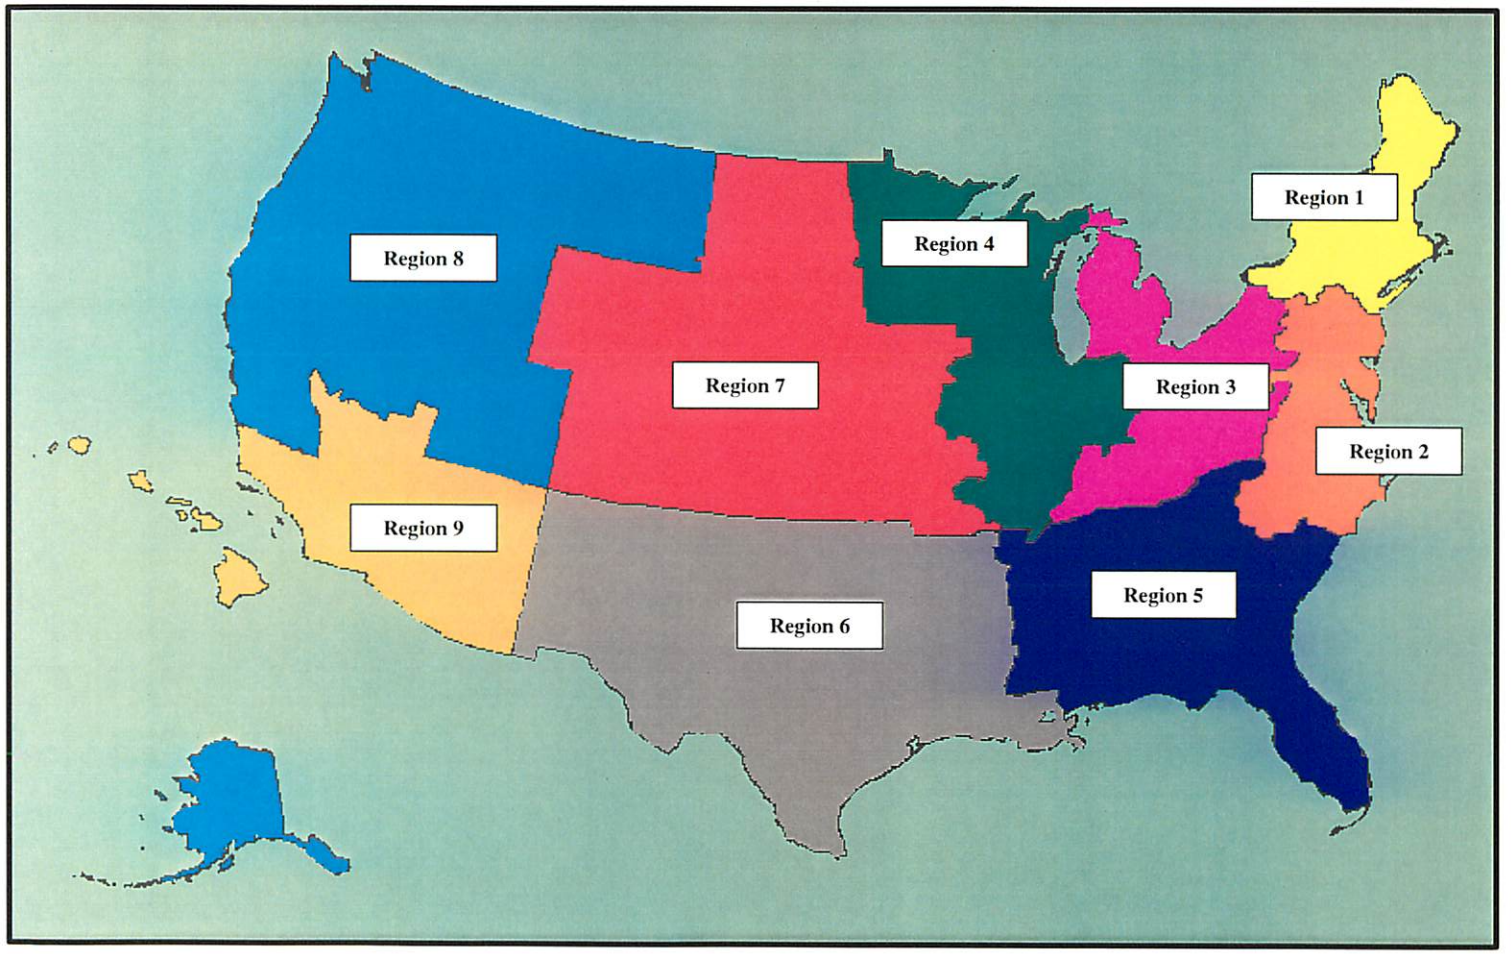

We plan to make the appropriate changes, approved at the March AMC meeting, to the database during the month of April and will provide each local group with finalized maps of their group and region. At that time, finalized zip reference tables will also be available.

Please let us know if you have any questions concerning this information.
